

We Need Your Help...

**SOLOS, and the community of Rancho Murieta,
NEED YOUR HELP!!!**

**Redistricting is happening now:
DEADLINE Wednesday 11/10/2021**

We need **YOU**, our SOLOS members, to send an email ASAP to redistricting@saccounty.net and say "I am a resident of Rancho Murieta and I support MAP NDC-201"

This map will preserve Rancho Murieta's 'two seat agreement' on the Cosumnes Planning & Advisory Council (CPAC). EVERY planning project passes through CPAC. CPAC makes approval and disapproval recommendations to the Sacramento County Planning Commissions.

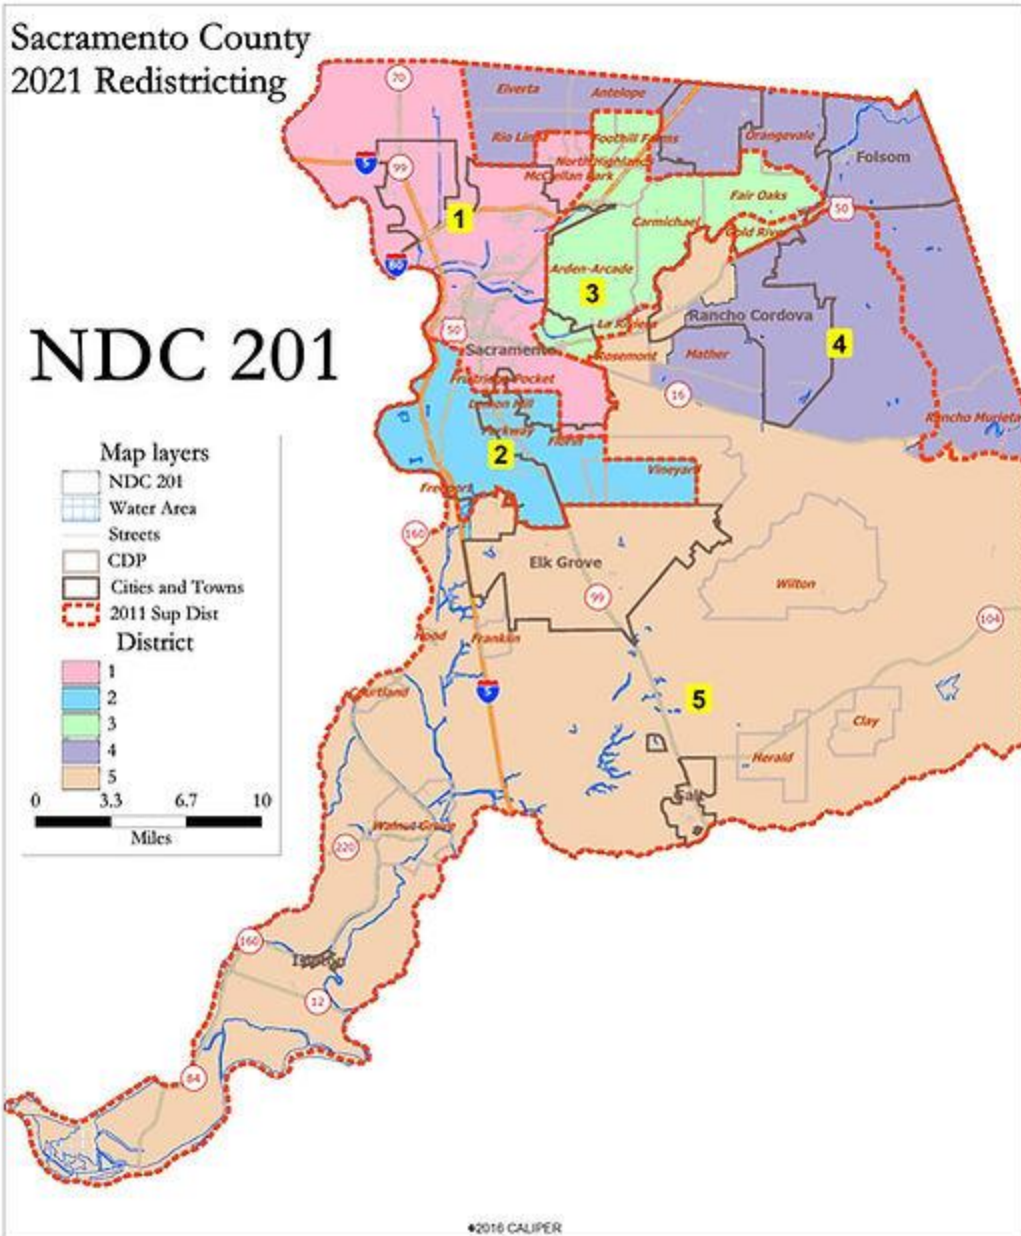

If you want to retain a voice on development issues in RM,
then email now!!!!

Every key issue we will face in the next ten years is inside the district highlighted in purple (see attached document Map NDC-201).

- Jackson Highway Urbanization (26 new traffic signals)

Sacramento County
2021 Redistricting

NDC 201

- The Grant-line Intersection
- The Connector (and its impacts on our evacuation plan)
- Scott Road (as it approaches 1 million annual trips)
- Landfill expansion and 'good neighbor enforcement of trash on Jackson Road'
- An application for 795 new homes
- a traffic signal for the Stonehouse Road
- Sheriff support and routine patrols
- Accessory dwellings and the long term impact on our community

What all these issues have in common is that they are all inside District 4. We share little in common with District 5. Help us retain our voice! While we are inside the county 'urban services boundary' we are still residents of the unincorporated part of Sacramento County.
WE ARE NOT A CITY.

Our sole voice on issues outside the gates is with our County Supervisor. If we are relocated to District 5, we will be voting for a new supervisor in June 2022. This would be our 4th supervisor in 11 years! A bit of continuity in our representative would be very, very helpful.

SEND AN EMAIL. DO IT RIGHT NOW. PLEASE.
SOLOS members you are always asking what we can do and how you can help....THIS IS IT!
The vote will be taken in early December.
