

PSA on Ballot Measure R

SOLOS has been asked to share information with Rancho Murieta residents about ballot Measure R. This information has been provided by RMCS D as part of the November 8, 2022 ballot measure.

A Little Background:

- RMCS D is a utility district with responsibility to provide water, sewer drainage, and solid waste services. It is also the only district to provide in-house security.
- The district is currently facing increased costs in all services, an aging infrastructure, depleted reserves, and the rejection of the 2022/2023 budget by the community.
- The RMCS D Board has determined that property tax funds will not be used to supplement the Security budget. The Board is proposing a new Special Tax, **Measure R**, to make up the current shortfall in the Security budget.

Measure R States:

- Security (Gates and Patrol) will continue to provide 24/7/365 service.
- Each household will pay \$316/yr. more to address the budget shortfall.
- These funds will provide enough annual revenue to cover the shortfall and stay in Rancho Murieta for Security only.
- By law, no funds will be used for other District operations or be taken away by the County or State.

What if it Fails?

- The district will examine options for providing Security services within the current budget revenues provided by Measure J. This will mean changes in the current 24/7/365 services.

For more detailed information, please go to the RMCS D website ranchomurietacsd.com or contact Tom Hennig, General Manager at RMCS D at 916-354-3700, or any RMCS D Board member by email.
